A message to those in need of care

Individuals requesting this guide typically have two issues – a dental problem that cannot be ignored combined with scarce financial resources.

The providers listed in this directory care about you and your situation, and they do all they can (given limited resources) to meet the tremendous need for free and low-cost dental services throughout Oklahoma.

There are two types of clinics/programs listed – **free** and **low-cost**. If you have some financial means, the **nonprofit low-cost clinics** provide dental services at lower than average or sliding scale fees and the waiting period for an appointment is short.

Free clinics and programs provide services at no cost and are made possible by volunteer dental professionals and support staff. As you can well imagine, the demand for these services is great, but the supply of volunteers is limited. Patience and perseverance are keys to receiving care, because most have long waiting periods for restorative services (such as dentures and fillings). However, every effort is made to provide timely care to those in pain and at risk for infection. Calling more than one organization and becoming familiar with their processes will increase your likelihood for treatment.

We sincerely hope this directory helps you find the benevolent dental care you need.

Other options available for those in need

Did you know that **SoonerCare** covers all routine and diagnostic dental costs for qualifying Oklahoma children? For information, see the SoonerCare listing in the Statewide section of this guide.

If you're employed but your employer doesn't provide dental insurance, you may find Delta Dental's **Patient Direct** discount program, **PPO–Choice Advantage** or **PPO–Point of Service** programs to be a good option for you. For details, call 405-607-2100 (OKC Metro) or 800-522-0188 (Toll Free) or visit www.DeltaDentalOK.org.
